

Riverside Fire Company No. 1

Proudly hosts the

“Swing into Spring Training”

event

We would like to extend this invitation to a full day training seminar at our station on Saturday March 3rd. Registration/breakfast begins at 8:00 AM. Seminar will start at 9:00 AM. There will be a 12:00PM lunch hour and the second half will begin at 1:00 PM. Topics will include fire ground size up and operations for garden style apartments and town houses and also taxpayers, strip malls and stores.

We all know how important it is to keep training, but often during the winter months; we tend to relax the training schedule. It's still going to be cold outside so,

What better way to jump right back into training?

Nearly all of us have these types of structures in our first and second due areas. And as almost everyone can attest, you cannot train too much.

Please print the included flyer and registration form.

We look forward to seeing you!
