

BOARD OF FIRE COMMISSIONERS
FIRE DISTRICT NO. 1
TOWNSHIP OF RIVERSIDE

EMERGENCY APPARATUS
AND VEHICLE POLICY

The Board acknowledges its mandated duty to protect person and property within the District. The Board further recognizes, in performance of its charge, that it must undertake same in a reasonable and prudent manner so as not to risk the health and safety of the public at large, the providers of the service and property of the taxpayer.

Entrusted with the above set forth duties and responsibilities, the Board recognizes that the operation of a motor vehicle in an imprudent or unreasonable manner may result in life and property threatening situations. Furthermore, operators of District leased or owned apparatus and vehicles have in their care, custody and control the means of delivering the service for which the District was formed.

The safe operation of fire service vehicles and apparatus, particularly during emergency response, depends largely on the training and ability of the operator and safety and maintenance guidelines.

The Board, through this Policy, shall develop and maintain a comprehensive emergency apparatus and vehicle operation program to address, at a minimum, the following areas:

- Selection criteria for drivers/operators
- Training requirements
- Restrictions on drivers/operators
- Disciplinary procedures for driving violations and/or violations of this policy or implementation procedures
- Written emergency apparatus and vehicle safety guidelines
- Documented preventative maintenance program
- Accident investigation program
- Medical evaluations

The Board shall enact Rules and Regulations, Procedures or Guidelines and Directives to implement or otherwise effectuate the purpose and intent of this Policy and Federal, State and local laws, and Rules, Regulations, Procedures, Guidelines or Directives promulgated thereto, as amended, which were enacted to insure or supplement the intent and purpose of this Policy. Said Rules and Regulations, Procedures or Guidelines and Directives may be amended or supplemented by the Board as it deems necessary.

This Policy does not modify existing Board Policies, Procedures, Guidelines, Rules, Regulations or Directives and shall be read and construed in conjunction with other Board Policies, Procedures, Guidelines, Rules, Regulations or Directives so that any inconsistencies or ambiguities in this Policy may be resolved by referencing other Board Policies, Procedures, Guidelines, Rules,

Regulations or Directives. Any interpretation as to the meaning of this Policy shall not be contrary to Federal, State or local laws, or contrary to or inconsistent with the mandated charge of the Board. If any provision paragraph, sentence, clause or phrase set forth in this Policy is for any reason held or determined to be unconstitutional or invalid, same shall not affect the remainder of this Policy.
